

ARCHITECTURAL DOOR HARDWARE

Condominiums have become a staple on the horizon of major cities across the globe. No one knows this more than Lawrence Hardware Inc. We have supplied hardware for thousands of condos around the world, from as far away as India, Dubai, Saudi Arabia, USA and domestically in Canada.

The backbone of these buildings is built upon a myriad of moving parts, specifically door hardware. One can fully control entries and exits for their building with one of the worlds foremost authorities in locking hardware. We combine a deep understanding of building and fire codes to provide your project with the right products, to hang, close, latch and protect the door with Lawrence Hardware.

To keep up with evolving trends, Lawrence now stocks a number of products in black. Featured below are a few of the many products now available.
