

Options

NONE REMOVEABLE PIN (NRP)

NRP: Set screw in barrel lock in loose pin as shown. Set screw is not accessible when door is closed. Specify "NRP" (non-removable pin) when ordering

ELECTRIC THROUGH WIRE (ETW)

Electric through wire: for use when power is required to the door. Applications include electrified panics such as electric latch retraction or push pad and/or latchbolt monitoring. Other application include electrically locked or electrically unlocked, card readers and request to exit functions.

Specify: "ETW" hinge and the number of wires required. Normally this feature is available with (2@18AWG), (4@28AWG), (8@28AWG) or (12@28AWG) wire. Standard length is 12" x 48". Hinges should be installed in centre hinge location. Packed one per box.

Note: Other Wire Lengths availability by order.
